

Singers and Public Speakers should use Dr. White's Pulmonaria to strengthen and clear the voice. It is entirely harmless and pleasant to take. Old People like it and Children cry for it.

MOTHER'S WANDERING BOY.

Temperance Song and Chorus.

Music by THOMAS BELCHER.

Andante con espress.

1. My boy, why will you leave your home, Why will you touch the poison-ous
 2. A babe I held you to my breast, A child I al-ways taught you
 3. My boy, if tears and prayers a-vail, You would not wan-der from the
 4. My wand- ring boy, come home, come home, For- sake the tempt-er and be

Why from those who love you roam, And rend your moth-ers soul?
 When I laid you down to rest, I dreamed of man-hood bright.
 Nor in delir-ium's fren-zy rail, And curse thy God in wrath.
 My heart, my love are all your own, I will for- give the wrong.

Copyright 1890, by A. R. White, M. D.

From John M. Todd, the Well-Known Real Estate Dealer of This City.

DR. A. R. WHITE—Dear Sir: We have used your DANDELION ALTERNATIVE and PULMONARIA as our family remedies for twelve years of more and consider them the very best medicines in use for the diseases for which you recommend them. We would not think of being without these two remedies in the house, and we heartily commend them to the public.

Yours very truly,
 John M. Todd

Indianapolis, Feb. 1, 1890.

Will buy a bottle of the best cough remedy in the world. It is pleasant to take, entirely harmless and certain to cure. It is Dr. White's Pulmonaria.

You need not neglect your cough on the score of economy, for in many cases a twenty-five-cent bottle of Dr. White's Pulmonaria is all that is necessary to break up a cold. For cases of long standing get the dollar size.

"I use two or three dozen bottles of your PULMONARIA per year in my family, and I believe it is the best medicine in the world,"
 Callender, Jan., Jan. 21, 1890.
 IRENE D. RECKARD.

If you have a cough, see your druggist and ask for a bottle of Dr. White's Pulmonaria. If he does not have it, do not accept any substitute, but send me one dollar by mail and I will send you a bottle—large size—of this great medicine, prepaid, to your nearest express office.

Read What a Physician Says of It.

DR. A. R. WHITE—Dear Sir: I have sold your Pulmonaria and Dandelion in my drug store for six years, and I have never known them to fail doing all that is promised for them. The Pulmonaria is a specific for whooping cough. I have practiced medicine for more than twenty-five years, and have tried all the usual remedies for this disease without success. I have recommended the Pulmonaria in more than one hundred cases of whooping cough, and it has always cured. Last January my own child was attacked with whooping cough and became quite bad before we were aware what the difficulty was. We at once began the use of the Pulmonaria, after which she rested well all night. Her cough became better at once, and in two weeks' time she was entirely cured. I could procure a score of certificates strong as my own in favor of your Pulmonaria.

Worthington, Ind.

DR. A. R. WHITE—Dear Sir: Your Pulmonaria is the finest and best selling cough remedy we have ever handled. We use it in our families and have never found any other preparation to equal it. Whooping cough has been raging here for some time, and nearly every family has been treating the disease with your Pulmonaria, upon our recommendation, with fine results. We take pleasure in recommending it to our customers, because we believe there is no other cough remedy made to equal it.

Yours truly,
 M.B. Squire M.D.

Big Sandy, Texas. Druggists.

I am confident that had he procured it in time he would have been permanently cured. My wife also had the same terrible disease, and under the use of your Pulmonaria she is rapidly recovering. I unhesitatingly pronounce this the best medicine I ever saw, and I take pleasure in letting the public know my opinion of it and the good it is doing me and mine.

Yours truly,
 J. H. Snow

Box Springs, Ark.

COUGH.

Cough is not a disease, but simply a symptom by which diseases of the throat and lungs manifest themselves. It may be from an effort of nature to throw off an accumulation of mucus from the throat and bronchial tubes, produced by taking cold; or an accumulation of mucus or muco-purulent matter from the lungs, produced by consumption.

If you have a cough, no matter how slight it may seem, whether from a recent cold, or a slight, hacking cough which may cause you very little inconvenience—but which is in nearly every case of consumption the premonitory symptom—be warned in time and do not delude yourself with the thought that it is only a slight cough which will soon pass away or wear itself out. Thousands are dying every year of that terrible disease, consumption, who, had they attended to their cases in time and used proper remedies to check the disease in its incipency, might to-day be living in the enjoyment of health and the society of friends, and filling places of usefulness in-

stead of filling the consumptive's grave. This is no "fairytale" nor "overdrawn sketch" to frighten the timid or deceive the unwary. In Dr. White's Pulmonaria you are offered a safe and effectual cough remedy, and it matters not whether it be a recent or acute attack, or a chronic or lingering cough, this medicine is equally efficacious in removing it.

SAVED HIS LIFE.

DR. A. R. WHITE—Dear Sir: I am selling a great deal of your Pulmonaria; have a large demand for it and recommend it to all as the best cough medicine in the market, and I am not afraid to recommend it, as I had it thoroughly tested on one of my customers who was given up to die. After taking three fifty-cent bottles of Pulmonaria, he commenced improving, and when he had taken the fifth bottle he was up and in my store, and said: "It saved my life," and that he should "always love me and the Pulmonaria," for it had saved him from death and I was the cause of his taking it." I told him not to love me, but Dr. White, the inventor of this great medicine. I am selling from eight to fifteen bottles a week of your Pulmonaria.

Springfield, Tenn.

M. W. Eckler

Dr. White's Pulmonaria is the only cough remedy that is offered to you on a positive guaranty. It will cost you nothing if it does not perform all that is claimed for it. Try it once and you will see no other.

TO WHOM IT MAY CONCERN.

I had for a long time been troubled with a bad cough. I was fast running down in flesh and strength, and all my friends thought I had consumption. All the doctors' medicines I had taken had done me no good until I commenced using your Pulmonaria, and what is most remarkable, one bottle of your medicine entirely cured me, and I am to-day a living witness sound and well, and ready and willing to testify to the wonderful and almost miraculous effect of your valuable medicine.

Burwell, Ill.

Respectfully,
 E. J. MacCall

Dr. A. R. WHITE—Dear Sir: Please send me three dozen fifty-cent size and one dozen dollar size of your Pulmonaria. I have sold a great many different kinds of cough remedies, but never as your Pulmonaria. One of my customers, especially, who had a bad cough for six months and was given up to die, got no relief from the many remedies she had used until taking a bottle of your Pulmonaria. She says she "is seventy years old and is good for ten years yet!"

Respectfully,
 J. J. Herring

Bristolville, Ohio, June 9, 1887. Dealer in General Merchandise.

Dr. A. R. WHITE—Dear Sir: I have been selling your preparations for the last six years at this place, and I can say that I have found no other medicines to equal them. The DANDELION ALTERNATIVE is all, and more than your chin for it, and as for the PULMONARIA, it is simply wonderful in its action in diseases of the throat and lungs.

Yours truly,
 J. H. De Cooper

Dussick, Ark., Jan. 6, 1890.

Write to Dr. A. R. White, Indianapolis, Indiana, for pamphlet on Dyspepsia, Biliousness and Consumption, which is mailed free to all applicants.

COUGHED INCESSANTLY.

to this increase in size of the dollar bottle, a fifty-cent size was placed upon the market, which is also larger than any other bottle of cough remedy of a corresponding price, and now, to meet the wants of those who require only a small quantity of cough medicine, or whose financial circumstances will not permit a larger outlay, a twenty-five cent size is added, and like the other two sizes, it contains more medicine than any other twenty-five cent bottle in the market.

NOTICE.

Dr. White's Pulmonaria was first put up in one size bottle only, which sold at one dollar per bottle, and a small bottle at that. With the removal of the internal revenue tax on proprietary medicines, and also a reduction in price of the materials used in its manufacture, came a very material increase in size of the bottle, making it the largest bottle of cough remedy in the market. In addition

Dr. A. R. White—Dear Sir: I must say something in favor of your Pulmonaria. For two weeks I had a severe cold, coughing incessantly. I tried several (so-called) cough remedies, until I was induced by our druggist to try your Pulmonaria. I purchased one fifty-cent bottle, and before using half of it I was entirely free from the cough. I believe it to be the best cough remedy in the market. Yours truly,
E. S. Stotlemeyer,
Milledgeburg, Ky.

Chorus.

Sop. Alto. Tenor. Bass. Piano.

Come back, come back my wand - ring boy, Come back, come back once more to me;

crescendo. *f* *dim e rall.*

Come back, come back, a moth - er's joy And love shall ev - er wel - come thee.

cres - cen - do. *f* *dim e rall.*

Mother's Wandering Boy—(3.)

CONSUMPTION OF THREE YEARS' STANDING.

Dr. A. R. White—Dear Sir: My mother has been suffering with that terrible disease, consumption, about three years; has tried various remedies and prescriptions from many physicians, but obtained no permanent relief from any of them until I procured your Pulmonaria for her. She has used four bottles of your medicine and is rapidly recovering. I can cheerfully recommend this medicine to all who are suffering from lung trouble.

Yours truly,
J. H. Claiborne
Beebe, White Co., Ark.
Justice of the Peace.

Dr. A. R. White—Dear Sir: I have been sick for several years, and have doctored with six or seven different doctors, and none of them did me any good—even the great Dr. G—, of St. Louis. I have taken two bottles of your Pulmonaria and it has done me more good than all the other medicines I have taken. I was about dead when I began to take your Pulmonaria.

Yours,
Margaret L. Baldwin
White Hall, Ill., April 22, 1887.

This is to certify that we have used DR. WHITE'S PULMONARIA, purchased from J. D. Stotlemeyer, druggist at this place, and we pronounce it the best cough remedy we have ever used.

BENJAMIN MITCHELL, JR.
GEORGE H. BROOKS.
J. M. SMITH.
ROBERT TERRY.
Oct. 16, 1886.

I have sold every bottle of your PULMONARIA that I had in stock, and I tell you it is the best selling cough remedy I ever sold.

Wheaton, Minn., July 19, 1889. J. H. Mark
Druggist.

From Rev. A. Harpending.

Dr. A. R. White—Dear Sir: I take pleasure in saying to you that your Pulmonaria has cured me of asthma of twenty years' standing, and from which I have suffered all the tortures imaginable. Since I commenced taking your medicine, about six months ago, I have been perfectly free from it, and am well and happy.

Yours truly,
A. Harpending
Elgin, Ill.

FROM THE "GAZETTE" (Indianapolis.)

"In this day and age of the world, when 'humbug' is the rule as well as the practice, a medical remedy that is all it claims to be is seldom found. When such a one is found we consider it a duty obligatory upon those who have thoroughly tested its qualities, to place their testimony before the public. Dr. White's Pulmonaria is one of the most efficacious medicinal preparations for the absolute cure of coughs, colds and throat diseases, that we have ever tested. It is pleasant to take and affords almost instant relief. We bear cheerful and unsolicited testimony in its favor, and recommend it without hesitancy to any who are afflicted with pulmonary disease, as possessing all the merit claimed for it as a specific by Dr. White.

HAD BRONCHITIS FOR TWENTY YEARS.

Dr. A. R. White—Dear sir: I have been troubled with bronchitis for the last twenty years' and with asthma, at times, the past ten years. I had tried a great many remedies, but none of them did me much good until I received one of your circulars a few days ago. I called on my druggist for your Pulmonaria, but he had none, but said he had ordered some. I waited until it arrived, when I procured a bottle of it, and it has done me more good than all the other remedies I have ever used.

Yours truly,
Osakis, Minn. JOHN HASTERLINE.

Remember that this is the ONLY cough remedy in the market that is sold under a positive guaranty. Every druggist and dealer in medicines is authorized to sell one bottle of this medicine to any one person and refund the money if it fails to perform what is claimed for it. It is put up in bottles of three sizes, the large bottle selling at one dollar, and the smaller ones at fifty and twenty-five cents, and is sold by druggists and medicine dealers generally. If your druggist does not have it, and will not get it for you when wanted, send me one dollar per bottle, or five dollars for six bottles (large size), and I will send it, prepaid, to your nearest express office. Beware of counterfeits and imitations, as there are such in the market under similar name which may be offered to you. Buy none without my signature at bottom of wrapper, thus:

INDIANAPOLIS, IND.

SAVED THE LIFE OF HIS WIFE.

Dr. A. R. White—Dear Sir: While living in Illinois before moving to this State I used your Pulmonaria in my practice, and, by the use of this great remedy, I saved my wife's life. She had been down with asthma for twenty years before using your Pulmonaria. She is now able to do her own household work. I find there is a good deal of consumption here, and I have cured several cases with the Pulmonaria since I came here. Please send me twelve bottles Pulmonaria by express to Gainesville, Tex., and oblige.

Yours truly,
J. S. Norman, M. D.
Gainesville, Tex.

FROM TEXAS.

Dr. A. R. White—Dear Sir: I have been in very bad health about eight years. Have had a bad cough all the time, with enlargement of the spleen. I was not able to do any work, and so I ran on till last spring, when everybody said I had consumption. I tried everything I could hear of, but that was recommended to me, but got no relief from any of them. I received a circular recommending your Pulmonaria and Dandelion Alternative, and I sent and got two bottles of each of them, and they cured me all up. My wife was also down with kidney disease, and the Dandelion has cured her. I sent to you for six

bottles of Dandelion last month, as we are having a good deal of chills and fever in this country, and I have been using it in my family and find it the best chill medicine I ever saw. Some of my neighbors have seen how these medicines have proved themselves with us, and they want me to get some for them. You will please send me four bottles Dandelion Alternative and two bottles Pulmonaria by express.

Yours truly,
Montgomery, Tex., Sept. 14, 1888.
J. S. Rabun
